Tennessee Valley Resident and Electricity Purchaser Tennessee Valley, USA		OVERDRAWN INSUFFICIENT FUNDS INSUFFICIENT REASONS		March 15, 2010 Date	
Pay To The Order Of:		My Electrical Energy Distributor		\$8,000,000,000	
		Eight billion dollars and		No Sense Dollars	
For		Big Nuclear Contractors		One angry bill-payer	
		MOTHERS AGAINST TENNESSEE RIVER RADIATION		Signature	

**Mothers Against
Tennessee River Radiation**

To our Electric Power Distributor:

We want affordable and safe electricity,
and ask you to demand this from TVA.

Each nuclear reactor costs over \$8 billion.
As Tax-Payers - WE BACK THE LOANS
& as Rate-Payers - WE PAY THE LOANS.

Nuclear is the most EXPENSIVE and the
most DANGEROUS form of energy.

Each reactor will produce 20-30 tons of
radioactive waste every year - on site.

During routine operation, nuclear power
plants release radioactive poisons into our
air and our water.

Radiation poisons cause cell alterations
linked to leukemia CANCER in children.

TVA CAN create more long-term jobs,
more quickly - with Efficiency Programs,
Wind, Biomass, and Solar facilities.
